Block or allow pop-ups in Chrome

By default, Google Chrome blocks pop-ups from automatically showing up on your screen. When a pop-up is blocked, the address bar will be marked Pop-ups blocked 
• You can also decide to allow pop-ups.

If you still get pop-ups after disabling them, then you could have malware. Learn how to get rid of malware.

Turn pop-ups on or off

1. On your computer, open Chrome.
2. At the top right, click More ⚙.
3. Click Settings.
4. At the bottom, click Show advanced settings.
5. Under “Privacy,” click Content settings.
6. Under “Pop-ups,” select an option:
   • Do not allow any site to show pop-ups (recommended)
   • Allow all sites to show pop-ups

Block or allow pop-ups for a specific site

Not all pop-ups are ads or spam. Some legitimate websites display web content in pop-up windows.

Allow pop-ups from a site

1. On your computer, open Chrome.
2. Find a page that has pop-ups blocked for you.
3. In the address bar, click Pop-ups blocked 
4. Click the link for the pop-up window you'd like to see.
5. To always see pop-ups for the site, select Always show pop-ups from [site] > Done.

Problems with pop-ups

Still seeing unwanted pop-ups? If the pop-ups haven't stopped, try running the Chrome Cleanup Tool (Windows only). Then, read other options for finding and removing malware from your computer.

Using a Chrome device at work or school? Your network administrator might set up the pop-up blocker for you, in which case you can't change this setting yourself. Learn about using a managed Chrome device.

Learn how to control specific ways a website can act when you're using Chrome.
